FOREWORD

The Freshman Herald is issued for two purposes: first, to help in establishing, as early as possible in the Class of 1935 the personal association among its members that constitutes the basis of class spirit in college and alumni loyalty after graduation: and second, to facilitate acquaintance between 1935 and other undergraduate classes, and between 1935 and those officers of the University with whom the members of the Class as Freshmen are most likely to have dealings.

Appreciative thanks are due Mr. Orren Jack Turner for his generous cooperation in the publication of this book.

To

THE MEMBERS OF THE CLASS OF 1935:

Your first year at Princeton is naturally a critical one. If you start well and set a pace in keeping with your opportunities and responsibilities the year's work will be a help throughout the remaining period of your college course and indeed extending into your life beyond the walls of Princeton. We naturally expect of you earnestness and fidelity in your daily tasks and a deepening and broadening of your powers through the human contacts of our campus life. According to the old proverb, "if you are to have friends you must show yourselves friendly." Do not keep yourselves exclusively with the group from your own school. To enlarge your interests and sympathies you should have a speaking acquaintance with every member of your Class, and so endeavor to bring about solidarity of class spirit by means of which you may contribute something of permanent value to Princeton.

With my best wishes to you all individually and collectively as a Class,

Faithfully yours,

A large, elegant handwritten signature in dark ink, likely belonging to the President of Princeton University at the time. The signature is fluid and cursive, with a long, sweeping underline that extends to the right.

President.

CONSTITUTION OF THE HONOR SYSTEM

AS ADOPTED BY THE UNDERGRADUATES IN 1893

AMENDED IN 1921

ARTICLE I

SECTION 1. There shall be a committee consisting of seven members who shall represent the student body and deal with all cases involving violations of the Honor System.

SECTION 2. The members of this committee shall be the presidents of the four classes and three others, two to be members of the senior class and one member of the junior class.

SECTION 3. The president of the sophomore class shall automatically become the second junior member of the committee at the beginning of his junior year. In case he is elected president of the junior class the second junior member of the committee shall be appointed by the Undergraduate Council.

SECTION 4. The president of the junior class and the second junior member of the committee shall automatically become members of the committee at the beginning of their senior year. In case one of these junior members is elected president of the senior class, the third senior member shall be appointed by the Undergraduate Council.

SECTION 5. The president of the senior class shall be chairman of the committee, and the president of the junior class shall be clerk.

ARTICLE II

SECTION 1. If any member shall for any reason become incapacitated from holding office, a member of the same class shall be appointed by the Undergraduate Council.

SECTION 2. If action of the committee becomes necessary before the fall elections of the class presidents have taken place, the three presidents at that time together with the senior member who had served in his junior year shall constitute a temporary committee for the particular cases, with the same regulations of power, procedure, and penalties as adopted in this Constitution.

ARTICLE III

SECTION 1. The committee shall have power to summon the accused persons and witnesses, and to conduct a formal investigation. The committee shall determine whether the accused person or persons

be guilty or not guilty of violating the Honor System. In case of conviction the penalty shall be recommended to the Faculty of the separation from the University of the man or men convicted, with the addition in extreme cases of publication to a mass meeting of the college of such facts and names in the case as the committee shall see fit. This penalty shall be rigidly inflicted except as hereinafter provided in *Article III, Section 2*.

SECTION 2. Recommendation to the Faculty for alleviation of punishment shall occur only upon unanimous vote of the entire committee. In case of such unanimous vote to recommend leniency the recommendation shall not be sent to the Faculty until a second meeting of the committee is held one week after the first, at which time the motion for recommendation of leniency shall be reconsidered. The accused shall not appear at this meeting. If this motion is again passed unanimously, it shall be forwarded to the Faculty. If at this time the motion for leniency fails to pass unanimously, the recommendation to the Faculty shall be for separation from the University. The punishment to be imposed in case a recommendation for leniency is made shall not be less than immediate suspension from the University for one term, i.e., eighteen scholastic weeks, taking effect as soon as possible thereafter. Such recommendation shall only be made in very exceptional cases.

SECTION 3. The committee shall make a single report to the Faculty of all cases acted upon during one series of examinations consisting of a brief résumé of evidence taken, the decisions in the cases, and the recommendations of the penalties to be imposed.

ARTICLE IV

SECTION 1. The place and time of meeting shall be left to the chairman of the committee.

SECTION 2. The trial shall be formal and conducted in the following manner with the president of the senior class as chairman, and the president of the junior class as clerk: Witnesses, against the accused shall be heard first and their testimony taken in full; the accused shall be called separately and allowed to make his statement, presenting witnesses for his defense; all witnesses and the accused may be questioned by members of the committee; and a decision shall then be rendered according to the law and evidence.

SECTION 3. Six of the seven votes shall be necessary to conviction.

SECTION 4. All evidence possible shall be procured in every case, and in no event shall a man be tried the second time for the same offense, except in the light of new and important evidence.

ARTICLE V

SECTION 1. Violations of the Honor System shall consist of any attempt to receive assistance from written or printed aids, or from any person or papers, or of any attempt to give assistance, whether the one so doing has completed his own paper or not. This rule holds both within and without the examination room during the entire time in which the examination is in progress, that is, until all papers have been handed in.

SECTION 2. Violations shall also consist of obtaining or attempting to obtain, previous to any examinations, copies of the examination papers or the questions to appear thereon, or to obtain any illegal knowledge of these questions.

SECTION 3. Any undergraduate not signing the pledge placed upon the examination paper will be notified by the professor holding the examination, and if unable then to sign he will be reported to the committee for investigation. Inability to sign the pledge to an examination paper upon notification by the professor or by the committee shall be *prima facie* evidence of violation of the Honor System.

SECTION 4. The pledge is as follows: "*I pledge my honor as a gentleman that, during this examination, I have neither given nor received assistance.*" This must at all times be written in full and signed by the student.

ARTICLE VI

The several committees shall keep a record of all cases acted upon in their sessions, without mentioning the names of the accused, also a record of successive actions of mass meetings with respect to the Honor System. These records, together with the Constitution, shall be preserved by the senior members of the committee of each year, for the instruction of that committee.

ARTICLE VII

This Constitution may be amended by a three-fourths vote of those present at a mass meeting of the college.

ARTICLE VIII

This Constitution shall be published in *The Daily Princetonian* during the first month of each college year, and within the week immediately preceding the mid-year and final examinations. It shall also be published in a pamphlet, copies of which shall be issued to every man upon admission to the University.

That adequate safeguards be provided to secure a fair and honest election.

Net proceeds from emergency rates amounted to \$61,625,708 during the first 12 months, during which they were in effect, the report showed. The commission estimated in its decision authorizing the increase, that the emergency rates would yield from \$100,000,000 to \$125,000,000.

Democrats took control, was to hold down government expenses.

He was hard-boiled in committee toward appropriations seekers, antagonized many groups. Early in the depression, while Mr. Hoover was still inveighing against wage cuts, he was the first to demand a general reduction in Federal salaries, thus becoming Washington's most unpopular man.

"I mourn the loss of the old-fashioned political torchlight parades," he says. "They aroused enthusiasm, patriotism and popular interest in politics. Now people go to movies instead of political meetings."

Like other standpatters, Mr. Wood believes the direct primary should be abolished and party nominees chosen by conventions of delegates. He hates to see independents, irresponsible to party leadership, get elected to office. Direct nomination and election of presidents, he believes, would be likely to land a movie star or transatlantic flier in White House.

By The United Press

WASHINGTON, March 4—A special session of Congress earlier than had been anticipated and organized on a war-time basis to deal with the disturbed national banking situation appeared likely here today.

As the Seventy-second Congress finished its work today, one of its major relief acts had become law under the signature of Ex-President Hoover. This is a sweeping La Guardia-McKeown-Hastings measure which permits a scaling down of individual, farm and railroad indebtedness through Federal Court action.

It, and the signing of the Treasury-Postoffice bill, were Mr. Hoover's last official acts before turning the presidency over to Mr. Roosevelt.

Mrs. Hoover and their sons, Allan and Herbert, Jr., were to join him after the inauguration for farewells. Herbert and his mother planned to leave from Philadelphia for an overland trip to the Hoover mansion in Palo Alto after the family goes from Washington to Philadelphia together.

Allan and Mr. Hoover intended to proceed to New York, where the President will spend several days attending to his private affairs. With that completed, he hopes to spend three weeks at sea on a trip through the Panama Canal to California. He is expected to spend several days off the Pearl Islands near the Canal Zone, seeking the giant sail fish.

Curtis Weeps 'Old Guard'

By The United Press
WASHINGTON, March 4—The
Republican Old Guard passed to-
day with a tear and a reluctant
quip.

Kindly words from their Demo-
cratic conquerors sent them away
to their homes and memories, cap-
tains of a defeated army, rulers of
a regime that flowered with a boom
and wilted away under the clouds
of depression. It was the farewell
of House and Senate, leaders
and the rank and file.

Given Silver Tray
Vice President Charles Curtis
closed his 38 years of service with
a sob in his voice and tears stream-
ing down his face under the tribute
of his colleagues.
Senate Democratic Leader Joseph
T. Robinson, a warrior who often
has matched his strength with Mr.
Curtis, presented the retiring Vice
President yesterday with a beautiful
silver tray which carried the
names of 96 Senators, Senator Rob-
inson spoke feelingly as he pre-
sented the gift.

Tears came to Mr. Curtis' eyes as
Mr. Robinson colleague praised him.

BANKER SHOULD QUASH RULE Proceeds on One Count Pending Decision

A ruling on the move by counsel
for George C. Frank, Ligonier bank-
er, that 17 of the 18 counts against
him be dropped will be made Mon-
day in Federal Court by Judge Nel-
son McVicar.

Counsel for Frank had asked
that the 17 indictments be quashed be-
cause they set forth monies, funds
and credits of the bank had been
misappropriated. Any alleged be-
trusts of the bank with bonds en-
titled to the bank, not with the
contended, and the government
indictments, counsel
Judge McVicar directed James T.
Marsh, first assistant U. S. attorney,
to proceed on the one charge of
misapplication of \$13,000 pending a
decision by him on the question of
quashing the other charges.

He asked if they would
return 15 per cent of their
profits.

All Cuts Are Same
"Are all employees being cut 15
per cent?" asked Judge Macfarlane.
"All are being cut approximately
15 per cent," replied Mr. McGovern.
"I was informed," said Judge Mac-
farlane, "that it was not uniform."
"On the whole," replied Mr. Mc-
Govern, "it will average 15 per cent
except where there is standardiza-
tion."

Judge Macfarlane left, to return
later with a reply from the court.
Judge Thomas P. Trimble of Or-
phans' Court said he would depend
on a recommendation from Register
of Wills Joseph N. Mackrell.

The Registration Commission,
Board of Viewers, Law Librarian
and Warden of the County Jail ap-
peared, were given the proposed
cuts, and instructed to return later
to agree to them or make their ob-
jections.
